Mohammed Bilal K

PROFILE

I am an enthusiastic learner currently pursuing an undergraduate degree in Mechanical engineering. Fields of interest include Design, Material analysis, Automation and Data Analysis. A team player and a leader with immense dedication, challenging work, and ability to stand up if faced with any problem. Seeking for challenging opportunities in the fields mentioned above to increase my knowledge and gain hands-on experience.

EDUCATION

- **B.Tech Mechanical Engineering**
  CGPA – 6.82 / 10   **2019-2023**
  Amrita Vishwa Vidyapeetham
- **Class 12** – 86%   **2019**
  Institution: JDT Islam
- **Class 10** – 86%   **2017**
  Institution: Sadhbhavana World School

PROJECTS

- Agricultural Analysis
  - We are trying to develop a mechanism to better understand the present land topology and resources required for a healthy output of crop using IoT.
- VR Environment
  - As a part of FORGE, we introduced the students of our campus to the world of VR (Virtual Reality) and AR (Augmented Reality).

TECHNICAL SKILLS

- AutoCAD
- DaVinci Resolve
- C Programming
- Blender
- Web Development
- Python

LANGUAGES

- English
- Malayalam
- Arabic
- Hindi

HOBBIES

- Basketball
- 3D Design
- Video Editing
