Meghna Brijesh Menon

PROFILE

Compassionate and proficient in the field of Artificial Intelligence, Data Science and Analytics with a striving attitude and great team leader and/or player, willing to utilize my skillset for real time applications.

EDUCATION

- **B.Tech Artificial Intelligence**
  CGPA – 8.67 / 10   **2019-2023**
  Amrita Vishwa Vidyapeetham
- **Class 12** – 85%   **2019**
  Institution: Indian Educational School
- **Class 10** – 94%   **2017**
  Institution: Chinmaya International Residential School

PROJECTS

- Spotify Data Analysis (06/2020)
  - Analysing the evolution of music taste over time based on different features using Apache Spark.
- Comparative Analysis of Denoising Methods on Hyperspectral Images (12/2021)
  - Compare the total variation and spatial least square denoising methods on Python.
- Stock Prediction Using Deep Learning (06/2020)
  - To compare and predict the stocks of the FAANG(Facebook,Apple,Amazon,Netflix,Google) companies.
- Recurrence Network based Feature Extraction for Emotion Classification (05/2022)
  - Extract features from SAVEE database and feed them into ML classifiers to identify emotions.

TECHNICAL SKILLS

- Machine Learning
- Deep Learning
- Python
- DBMS
- Data Analysis
- Image and Signal Processing

CERTIFICATIONS

- Mathematics for Machine Learning (03/2021) Coursera
- SQL for Data Science (12/2020) Coursera
- Real-Time Cyber Threat Detection and Mitigation (04/2020) Coursera

LANGUAGES

- English
- Malayalam
- Hindi
- Arabic

HOBBIES

- **Digital art**
- **Listening music**
